

Commercial Lighting Rebate

Rebate Checklist

In order to ensure timely approval and issuance of your rebate, please complete the following steps. Incomplete applications may result in delayed payment.

- Read the application Terms and Conditions to determine if you are eligible for a rebate under this program
- Complete this application form
- Attach the following documentation:
 - Itemized invoice including material details and cost
 - Lighting specification sheets for installed lighting
 - Details on lighting being replaced including type and wattage
- Submit the application and required documentation to your local utility

Terms & Conditions

Power Forward commercial lighting rebates are provided by Heartland Energy in collaboration with your local municipal utility. Commercial and industrial customers of participating utilities are eligible to apply for incentives for upgrading existing lighting to new, high-efficient lighting.

- # New construction or the addition of more light fixtures in a facility do not qualify. The number of new lighting fixtures will equal the number of fixtures being replaced. If the quantity of new and existing fixtures is not equal, the lesser quantity will be eligible for incentives.
- ℳ Rebates are only available on lighting upgrades as outlined in the application. Rebates for custom lighting upgrades may be granted at the discretion of Heartland Energy and must be pre-approved by Heartland Energy staff before installation in order to be eligible for incentives. Lighting must be purchased, installed and applied for in the current calendar year. Applications must be submitted by December 31, 2024. **There is a \$2500.00 eligibility max per customer per year.**
- % Rebates are available on a first-come, first-served basis and are subject to eligibility and availability of funds. This program and its incentive amounts are subject to change or termination without notice. Neither pre-approval of a project, nor any other action by Heartland Energy or its participating utilities, will entitle a customer to an incentive payment until the application is finally approved by Heartland Energy.
- ℳ Incentives will not be paid without the completion of this application form and proof of purchase and installation. Sales receipt(s) or invoice(s) itemizing the new equipment and indicating the size, type, make, model, purchase date and vendor must accompany the application. Details on the lighting being replaced must also be provided including existing lighting technology, number of existing fixtures, number of lamps in each fixture, and the wattage of lamps used. Rebates will not exceed cost of bulb or fixture before taxes.
- ' ℳ Rebates will be issued by your local electric utility in a manner chosen by the utility. Please allow up to 90 days for delivery of rebates. **The City of Madison will not reimburse more than 50% of the original cost of any commercial lamp or fixture.**
- (ℳ Heartland Energy and its participating utilities reserve the right to publicize your participation in this program unless you specifically request otherwise, in writing.

For a list of participating utilities, visit www.heartlandenergy.com or contact your local utility to verify participation.
